EDUCATION

Boise State University — B.B.A. Finance

Expected May 2027

Honors College | GPA: 3.95 | Dean's List: High Honors (Spring 2025-Spring 2026)

California Polytechnic State University — San Luis Obispo, CA

Transferred Jun 2024

Relevant Coursework: Corporate Finance, Information Technology Management, Asset Allocation & Security Valuation, Portfolio Analysis & Performance Evaluation, Financial Markets, International Finance, F&M Accounting, Business Statistics, Financial Management

PROFESSIONAL EXPERIENCE

Boston Scientific — Global Supply Chain Finance Intern

May 2026 – Present

Marlborough, MA

- Consolidated the 2027–2029 Global Facilities Master Plan, encompassing ~\$360M in planned investments, and supported reporting and analysis for ~\$1B in CAPEX and cash flow to inform capital allocation and long-term investment decisions
- Prepared Monthly Business Review and Divisional Letter deliverables by analyzing P&L performance, variances, and key financial drivers, translating results into executive-level commentary for senior finance leadership
- Leveraged AI and VBA to engineer an ETL automation that consolidated Value of Production data across ~19 global manufacturing sites, streamlining monthly financial reporting and improving accuracy through a standardized, reusable workflow
- Developed an AI-enabled headcount and spend reporting automation across 21+ cost centers using Excel, VBA, and Power Automate, generating tailored email snapshots that improved forecast coordination, accuracy, and timeliness while reducing manual effort

Portfolio Manager — Student-Managed Investment Fund

Jan 2026 – Present

College of Business & Economics, Boise State University

- Selected as 1 of 12 finance students from a competitive applicant pool to manage Boise State's \$1.6M+ endowment fund, supporting university scholarships and program initiatives
- Co-manage the Dykman Fund (~\$537K AUM), driving asset allocation, security selection, and portfolio construction decisions across equities, ETFs, and mutual funds
- Conduct macroeconomic, sector, and company-level analysis using Bloomberg Terminal and Excel, integrating valuation frameworks, economic indicators, and risk metrics into investment decisions
- Develop and present formal investment pitches, performance reviews, and rebalancing recommendations to faculty and finance professionals; evaluate portfolio beta, sector concentration, and risk-adjusted returns

Founder & CEO — Torus Platforms LLC

May 2023 – May 2025

San Luis Obispo, CA

- Built multi-scenario financial forecasts and conducted market viability analysis using TAM/SAM/SOM frameworks, directly informing capital allocation and product roadmap decisions
- Developed investor-facing valuation models and growth projections; presented data-driven business cases to prospective investors, translating financial data into clear strategic insights

LEADERSHIP & INVOLVEMENT

Philanthropy Chair, Sponsorship Chair — Alpha Tau Omega Fraternity

Dec 2025 – Present

Boise State University

- Elected to lead fraternity-wide philanthropy and external sponsorship strategy for 2026, overseeing fundraising initiatives benefiting the Speedy Foundation (historical benchmark: ~\$25K/semester)
- Secured chapter's first external corporate sponsorship with Polymarket, establishing a new revenue channel generating \$2K+ per month for the fraternity and charitable causes

Honors College Volunteer — Boise State University

Jan 2025 – Present

- Engaged in community service, including highway cleanups and youth-focused donation drives through the Honors College program
